This week in AI — explained simple.

Two AI co-hosts talk you through the headlines that matter — no jargon, just what it means for your week.

AUDIO OVERVIEW · 12:30

A Host A B Host B

STORY 01

The big new AI tool everyone's talking about

For you: you don't need it yet — here's the one feature worth trying.

STORY 02

A headline that sounds scary (but isn't)

For you: what's real, what's hype, and why you're still in control.

STORY 03

One move you can make this week

For you: a 5-minute action straight from the news.

THE TEACHING · A·B·C

Three letters. Three moves.

We walk the spine one step at a time. Tonight we take the first three — each is something you can do today.

A

AWARENESS

Notice where help is needed.

B

BELIEF

Trust that it's for you.

C

CONTEXT

Give it what it needs to help.

A IS FOR

LESSON 01 / 26

AWARENESS

Notice where help is needed.

AI doesn't start with a tool. It starts the moment you notice one small task that drains you — and name it out loud.

5-MIN ACTION Write down the one task you repeat every day. That's where AI begins.

BEGINNER
Name one task that drains you.

MEDIUM
Track where it shows up all week.

ADVANCED
Map the friction across your system.

B IS FOR

LESSON 02 / 26

BELIEF

It's already for you.

You don't need permission, a degree, or the perfect tool. If you can text, you can use AI. Belief is the bridge from seeing to building.

5-MIN ACTION Ask AI one real question in your own words. Watch it answer like a person.

BEGINNER
Ask one question, plain English.

MEDIUM
Go back and forth until it's right.

ADVANCED
Make it your daily thinking partner.

C IS FOR

LESSON 03 / 26

CONTEXT

Tell it what you know.

AI is only as good as what you give it. Tell it who you are, what you're doing, and why — and a generic answer becomes **your** answer.

5-MIN ACTION — Before you ask, add one line: "I'm a ___ trying to ___ for ___."

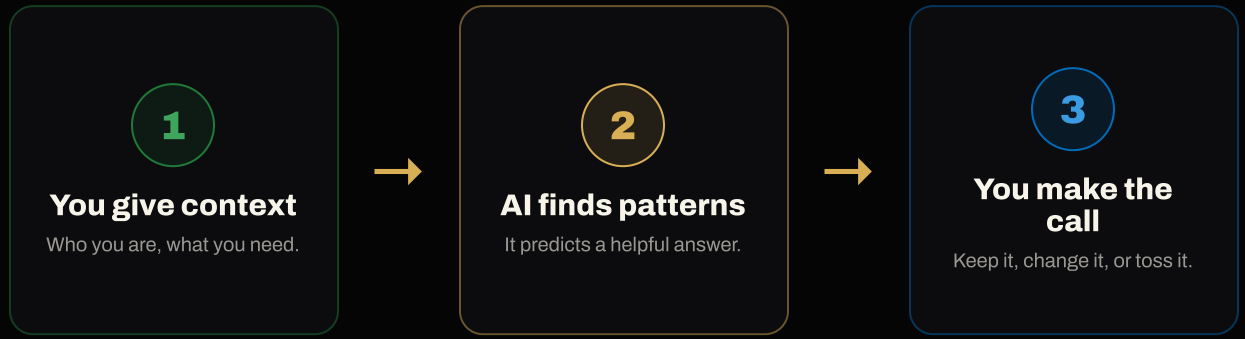

BEGINNER
Add who you are to the question.

MEDIUM
Give an example of what "good" looks like.

ADVANCED
Save your context once, reuse it everywhere.

How AI works — in one picture.

No black box. Three simple steps — and you're in charge of the last one.

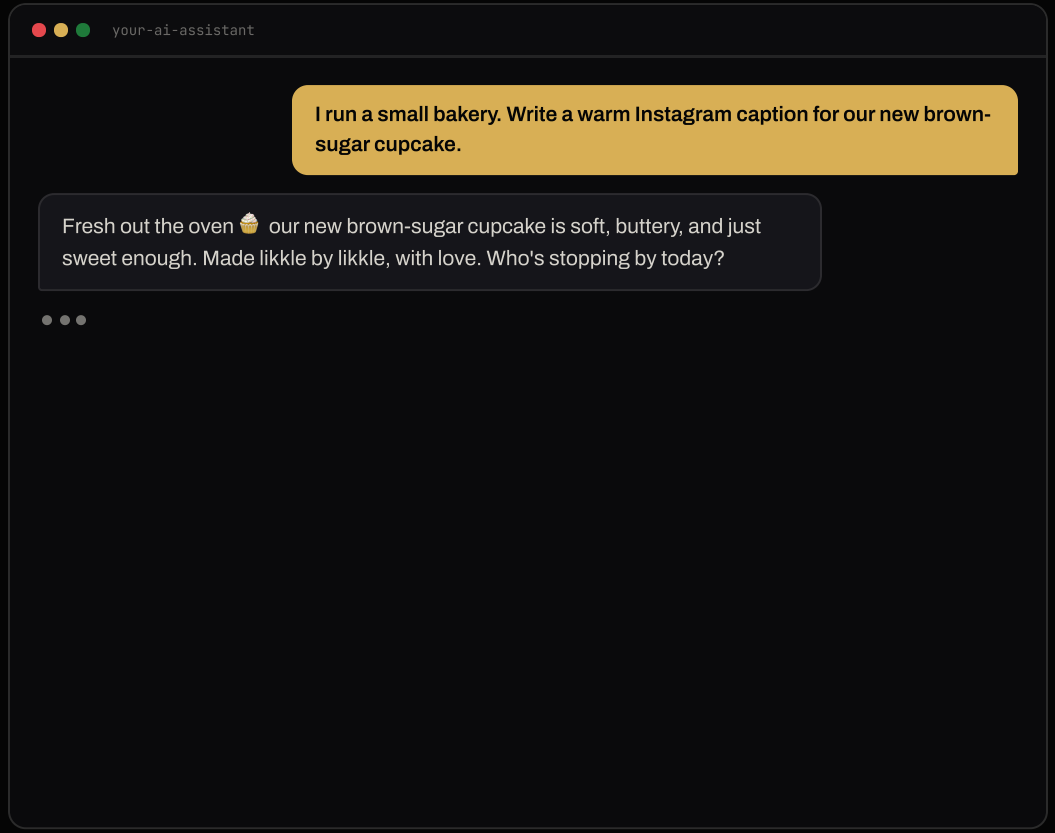

You are always the **decision-maker.** AI just does the first draft.

LIVE DEMO OPTIONAL

Watch it happen — live.

FOLLOW ALONG

1. Open your AI tool — any one works.
2. Add your context — who you are, what you sell.
3. Ask for the thing you actually need.
4. Tweak one line so it sounds like you.

Drop a ✅ in the chat when yours is done.

BUILDER SPOTLIGHT OPTIONAL

Meet this week's builder.

[Name] · [what they do]

> "I never thought AI was for someone like me. Last week I built my first flyer in ten minutes."

What they built, the move they used, and the one thing that finally made it click. **You could be next week's spotlight.**

COMMUNITY QUESTION OPTIONAL

@community_member ASKS

" How do I even start if I've never used AI before?

MAJOR ANSWERS

You already started — you're here. Tonight, pick the one 5-minute action that scared you least and just do it. Confidence is built by finishing, not by knowing. **Likkle by likkle.**

WEEKLY CHALLENGE OPTIONAL

YOUR MOVE THIS WEEK

BUILD ONE THING WITH CONTEXT.

Pick

One small task you do every week.

Build

Do it with AI — context first, then ask.

Share

Post it with **#MAIMchallenge**.
